Miss Mary E. Frazier of Rock Hill is here for several days.

Mr. Tom Smith and Mr. Henry Harper spent Sunday in Charlotte.

Mr. Gunter

Complete List of Places He is to Visit and the Hours For His Arrivals.

Because of the fact that several changes were made necessary in the itinerary to be pursued by Prof. Lutero Gunter during his visit to the schools of Anderson county, it has become necessary that the entire list of places to be visited by him be printed again. The following is the route to be followed:

Tuesday, 2 p. m., Smith's School. Wednesday, 10 a. m., White Plains. At 2 p. m., Union. Thursday, Mountain Creek. Friday, Mountain Creek.

Mr. Gunter will return to Columbia for the week-end, to attend to his office affairs, and will come back to Anderson on the following Tuesday to resume his trip over the country.

The Rev. Billy Sunday doesn't let the war make any inroads in his income.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too. Try Cardui. Your druggist sells it.

Cardui is sold in 12 bottle packages. Each bottle contains 24 capsules. Price, 50c per bottle. Sent by mail on receipt of price. Write to J. C. Ayer & Co., Lowell, Mass., for particulars. Name of the patient on wrapper. R.C. 121

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Question Up To The People.

"Jess of the Mountain County" was the special four reel feature put on yesterday by the Palmetto Theatre, and was loudly praised by those who saw it. Mr. Pinkston, the manager of this theatre, hopes that the attendance will be so large during the time he is trying to run without vaudeville that he will not find it at all necessary to go back to showing vaudeville, but he wishes it distinctly understood that he will do so unless the attendance warrants his discontinuing it permanently. If all the special features draw as well as did the one yesterday this he thinks will not be necessary.

Teachers Use New Rest Room.

Visitors stopping in the Anderson county court house always say before they leave that the prettiest spot they saw in the building was the handsomely furnished and very comfortable rest room, provided for Anderson county school teachers through the efforts of Miss Maggie M. Garlington and assistants. This room is splendidly situated, being just in the rear of the office of the superintendent of education and evidently the teachers of the county appreciate it. They are all using it freely and many of them spend much of their time in these comfortable quarters when they are shopping in the city.

Refuse Shipments Into Kentucky.

Anderson officials of the Charleston and Western Carolina railroad have received an order, signed by F. M. Doar, in which Mr. Doar advised that the State of Kentucky has quarantined against cattle, sheep and swine being shipped into that State because of an infectious disease and that the State has issued an order prohibiting all such shipments. In accordance with this notice, the railroads doing business in Anderson and other South Carolina points have refused to accept any shipments of this nature for Kentucky points.

Why Not Raise More Poultry?

Large posters were received in Anderson yesterday and put up on the bill boards, asking this pertinent question: "Why Not Raise More Poultry?" The poster is sent out by Col. E. J. Watson, commissioner of agriculture for South Carolina and points out some very important facts. The poster says that chickens are as scarce as hen teeth in South Carolina. It says that South Carolina raises just one chicken per year for each inhabitant and that the State furnishes but six dozen eggs per year for each inhabitant. The moral is perfectly plain and if South Carolina farmers know how to take a hint they will see what to do, according to the information furnished by the department.

Precipitate Change In Weather Locally.

Coal men were jubilant and men with large families were downcast yesterday morning when they awoke and discovered that there had been a decided change in the temperature in Anderson during the course of one night. Following the rains of Sunday, the weather grew colder during Sunday night and yesterday brought a typical fall morning. Throughout the day the weather was much colder than it has been in Anderson for some time and moth eaten overcoats and gloves were evident on every hand.

Poor Conclusion To a Fine Trip.

After enjoying a thoroughly delightful trip, finding their way with ease along roads they never traversed before, a party of young men making an automobile trip from Charlotte to Anderson, supposed to return to the city Sunday night, lost their way between Williamston and this city and after traveling over the same road three times and each time winding up in Williamston, they finally had to spend the night there and reached the city early yesterday morning. Among those making the trip were: C. C. Dargah, H. T. Lyon, Thomas Smith and Henry Harper.

Girls Interested In The Endeavor.

Since the girls in Anderson county have learned that an effort will be made this afternoon to secure enough financial assistance, through the members of the general assembly from this county, to warrant the launching of the girls' canning club in Anderson, they have all become interested. The young ladies of the county think that they would enjoy the work. One member of the county delegation told a reporter for The Intelligencer that, personally he favored pushing the work as much as possible but that he was stoutly opposed to voting any more money for any purpose just at this time. The meeting of the delegation this afternoon will be an important one for the girls of the county.

Horse Damaged In Automobile.

While his owner was hitching him to a buggy in front of the Fretwell stable Sunday morning, a horse belonging to R. L. Griffin took fright and ran away. The animal made splendid time up McDuffie street and when just in front of St. Joseph's Catholic church, struck an automobile. Both the machine and the buggy suffered somewhat as a result of the collision but the animal was not injured and was finally caught before he did further damage.

Ferocious Political Activity Responsible.

A report was heard on the streets of Anderson yesterday to the effect that one of the mail carriers at the Williamston postoffice, a veteran of over 10 years in the service, has been given notice that he has been discharged because of "political activity." It will be remembered that a number of charges were brought during the last congressional campaign to the effect that rural mail carriers in Anderson county were taking an active part in behalf of certain candidates. As a result of this, some men have already lost their positions in the service.

New Schedule Is Now In Effect.

The new schedules on the Piedmont and Northern line, operating between Anderson, Greenwood and Spartanburg, went into effect Sunday morning. Anderson's traveling population has had no opportunity as yet to find out much about whether the new schedule will prove satisfactory, since no folders giving the arrival and departures of trains have yet been received. Although it had been confidently expected, the P. and N. did not take off its Pullman car or chair cars Sunday and these are still on the run but it is presumed that they will be laid off within the next few days.

Council Meeting Has Been Postponed.

Because of the arrangement made by the fire committee of city council for selecting the four firemen tomorrow night, it has been determined by Mayor Godfrey and members of council to postpone the regular meetings, scheduled to take place tonight, until tomorrow night. Council will then have enough applications in hand to go ahead with their selection and to choose the new firemen for the local force. So far as is known there is nothing of especial importance to come before the meeting tomorrow night but routine matters always appear and this feature of council is sufficient to keep the body in session for hours.

Little Change In Cotton Situation.

Yesterday brought no change in the price offered on the Anderson market for cotton and throughout the day local buyers were offering 7 1/4 cents. Considerable cotton was brought to the city during the day, part of which went on the local market while the remainder was stored in the warehouse. According to the figures furnished by the officials in charge of the warehouse, 8,757 bales of cotton have been received this year, against 10,222 bales for last year up until this date.

Rev. S. L. Wilson Died Saturday.

Anderson Presbyterians and people of the city among all denominations learned with great regret Sunday of the death of Rev. Dr. S. L. Wilson, one of the best known Presbyterian ministers in the State. Mr. Wilson had been ill for some time and the end came Saturday night at his home in Woodruff. This lovable man had been in Anderson a number of times. On several occasions he has filled the pulpit of the First Presbyterian church and he presided at the organization of the Central Presbyterian church of Anderson in 1901.

Theatre Man Is Back In The City.

C. H. Bleich of Hopkinsville, Ky., who is to have charge of the Anderson theatre, arrived in the city last night, ready for the meeting of the board of directors of the Anderson Development company, which is to be held today. Mr. Bleich says that he is more and more pleased with the Anderson proposition and thinks the outlook here is fine. The order for the seats and scenery for the new opera house will be placed today and all plans put under way for the opening of the theatre in February.

Wahalla Man Visited Here.

Frank C. Harrison, a popular and energetic citizen of Wahalla and a "native son" of Anderson, was in the city yesterday on a short visit. Mr. Harrison was born and raised in Anderson county and says that he will always have a warm spot in his heart for this city and for Anderson's people. He says that business conditions in Wahalla are rapidly growing better and that the general situation is vastly improved over a few months ago.

Annual Banquet Near At Hand.

The cotton mill operatives in Anderson are making extensive plans for the annual banquet, held by the operatives, second hands and scottion men in all departments. This idea originated last year and the first banquet was held at that time, making such a decided hit with all the mill people that it was decided to make it an annual event and it is believed that this year the success of the banquet will surpass even that of last year.

Homes For The Convention.

All the members of the First Baptist church who will entertain delegates to the County Sunday School convention meeting in Anderson next Saturday to Monday will please phone or send their names to Mrs. D. C. Brown, North Main street. Those who will entertain one or two delegates will please let Mrs. Brown know at once.

THE DELEGATION WILL HOLD FIRST MEETING

NEW LAWMAKERS WILL MEET TODAY

IMPORTANT TASK

Miss Parrott and Mr. Long Will Be Here Today to Confer With Anderson Members of House

A call has been issued for the members of the general assembly from Anderson county to meet in the rooms of the Anderson chamber of commerce this afternoon at 3 o'clock. The delegation consists of J. L. Sherard, senator, and the following members of the house: George M. Reed, John T. West, S. M. Wolfe, S. A. Burns, W. H. Hutchison and Rufus Fant, Jr.

This will be the first meeting held by the members of the new delegation from this county and for that reason it will be of decided interest. This meeting has been called for the purpose of trying to induce the Anderson county delegation to include in its appropriation recommendation a sufficient sum to make possible the launching of the girls' canning club work in this county and it is hoped by those interested in the move that the delegation may agree to the request.

Miss Edith L. Parrott of Sumter, who is in charge of the girls' demonstration work all over the State, telegraphed yesterday from her home in Sumter to Miss Maggie M. Garlington, supervisor of rural schools in this county, in which message Miss Parrott conveyed the information that she is very anxious to get the work here started and that she would like to meet the delegation and see if some arrangement could be effected by which some financial assistance could be secured, for the purpose of promoting the work. Miss Parrott advised that she and W. W. Long were willing to come to Anderson today and asked that Miss Garlington advise her at once what to do. Miss Garlington wired that the meeting would be arranged and accordingly Miss Parrott and Mr. Long will arrive in Anderson at noon today. The meeting has been arranged for 3 o'clock and the people of the city and the entire county will await the outcome with decided interest.

Anderson Fiddlers Organize Convention.

Notice has been issued to the effect that a fiddlers convention for the Honea Path section of Anderson county will be organized on Thursday night, November 19, at which time a public social will take place. A small admission fee will be charged in order that the association may begin its career with a small sum in the treasury. The affair will take place at the High Point school house and will begin promptly at 8 o'clock.

Despondency Due to Indigestion.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods. I tried every thing that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers.

Marchbanks & Babb.

Remarkable Cure of Croup.

"Last winter when my little boy had croup I got him a bottle of Chamberlain's Cough Remedy. I honestly believe it saved his life," writes Mrs. J. B. Cook, Indiana, Pa. "It cut the phlegm and relieved his coughing spells. I am most grateful for what this remedy has done for him." For sale by all dealers.

America's Greatest Grass Comes From Africa

Advertisement for Sudan Grass. Good For Hay Seed Forage Silage. Grow Sudan Grass. The most wonderful grass of the age introduced and endorsed by the U. S. Agricultural Department. Tested severely in every part of Texas successfully. Makes more seed and better hay than any other forage plant grown. Under ordinary conditions produces 300 to 600 pounds of seed and 2 to 6 tons of choice hay per acre the same season. Adapted to all sorts of soils. Resists drought and stands much rain. Takes 2 to 4 pounds of seed to sow an acre in drill and 16 to 24 pounds broadcast. Quality of hay equals Timothy and all kinds of livestock, eat it in preference to alfalfa. Last spring the seed sold for \$2 to \$3 per pound and everyone who grew it will plant more next year. The seed is now selling for \$1 per pound and will go higher before spring as the supply is limited. We will send prepaid by parcel post pure Sudan seed in lots of 50 pounds and under. Not less than one pound considered for \$1 per pound cash with the order. Larger lots by freight cheaper. Better order now and be sure of getting the seed and save money thereby, also make more money next season. Everyone who can should try this great grass. Address—Ellegene Farm, Box 15, Aldine, Harris County, Texas.

LAUGH AT DROUGHT—SMILE AT RAIN
